Mission and Plan

To recruit, train and infiltrate agent teams whose purpose will be to gather positive and operational intelligence, contact resistance groups, establish W/T nets, I & E lines and encourage passive resistance among the population and defection from the government and military organizations, either directly or through the recruitment of resident agents.

Summary

1. On 23 July 1954, a two-man team successfully infiltrated into Albania and recruited a resident agent located near the Greek-Albanian frontier. The team infiltrated without mishap on 26 July. This was the first border crossing operation mounted into Albania this year. Plans are presently being made to mount the above-mentioned team at an early date plus one or two other teams.

2. The present pool of agents in Athens, in addition to the two agents mentioned above, consists of 7 agent standbys (3 W/T operators), and 4 others tentatively assigned to teams.
